

About REI Systems

REI Systems provides reliable, effective, and innovative technology solutions that advance government missions. Our technologists and consultants are passionate about solving complex challenges that impact millions of lives.

SERVICES

We combine our rich domain knowledge with our deep technology experience and our Agile, Customer Experience, and DevSecOps approaches to deliver impactful solutions:

- Application Modernization
- Government Data Analytics
- Grant Management Systems/SBIR
- Case Management
- Advisory Services

TECHNOLOGIES

REI leverages modern technologies that move government forward and improve citizen services:

- Cloud
- Low Code
- Artificial Intelligence and Machine Learning

PRODUCTS

We create products that draw on our customers' biggest successes. We offer products that advance grants management, innovation research, and federal contracting sales:

- GovGrants
- GovReview
- GovBD

REI DELIVERY APPROACH

We take a **Mindful Modernization[®]** approach in delivering our application modernization, grants management systems, government data analytics, and advisory services. Mindful Modernization is the REI Way of delivering mission impact by aligning our government customers' strategic objectives to measurable outcomes through people, processes, and technology. Included in our Mindful Modernizations approach is an Agile, DevSecOps, and Customer Experience mindset. We seek to deliver value fast and often.

OUR IMPACT

We deliver mission impact through technology that advances government and helps make people’s lives better.

- Supported HRSA in getting COVID treatment funds to health centers just 3 weeks after the CARES Act became law.
- Assisted USCIS in increasing application volume by 19% and reducing paper transactions by 55%.
- Helped ACF provide services 50% faster to victims of human trafficking.
- Aided NASA in harnessing small-business innovation, like the navigation system the Perseverance Rover used for its Mars landing.
